Communications orale

Prediction of impact sensitivity of nitro energetic compounds using QSPR approaches,
Vinca Prana, Guillaume Fayet, Patricia Rotureau, and Carlo Adamo,
NTREM 2011, 13-15 April 2011, Pardubice, (République Tchèque)

Prediction of physic-chemical properties of chemicals using QSPR approach
G. Marlair, G. Fayet, V. Prana and P. Rotureau
IGUS EOS meeting, 27-29 April 2011, Washington DC, USA

QSPR Prediction of impact sensitivity of nitro energetic compounds,
Vinca Prana, Guillaume Fayet, Patricia Rotureau and Carlo Adamo,
Europyro 2011, 7-19 May 2011, Reims

Development of QSPR models for physico-chemical properties in the context of the national PREDIMOL project
Vinca Prana, Guillaume Fayet, Patricia Rotureau and Carlo Adamo,
Journées Nationales de Chémoinformatique, 13.-14 October 011, Cabourg
